

International Disaster-Drill

NGO Ehime Global Network will conduct a disaster preparedness drill for both Japanese and non-Japanese people at Shinonome Koen Park!

Date & Time: December 18th (Sun) 11:00 – 14:00
Venue: Shinonome Koen Park

We will prepare meals using vegetables we grew at the community farm at the south side of Shinonome Koen Park.

We will also let you experience a kitchen car, power-generator by bike, heated boiler, re-usable cups and plates etc. that may be useful or help reduce difficulties at the time of disaster.

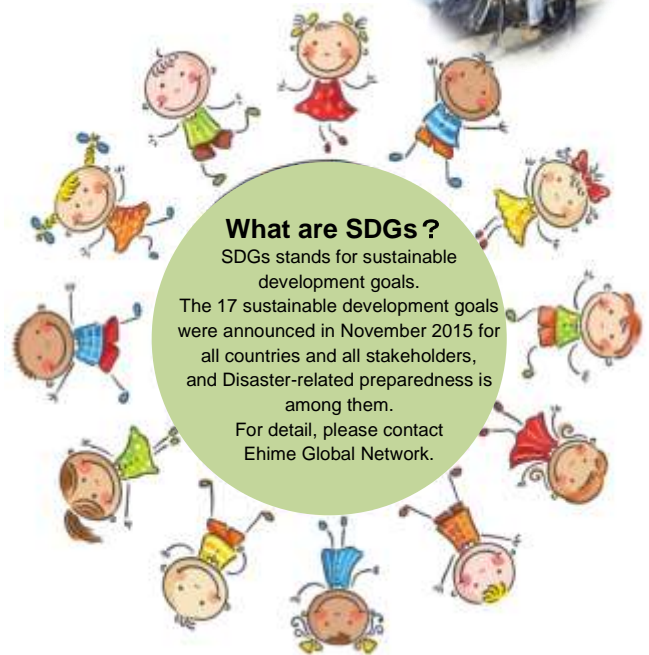

This community has a variety of people including elderly people and very young children, university students from other prefectures and overseas students and their families. In the time of disaster how we can help each other? How we should prepare to reduce the disaster? Let's learn them together.
